To Advertisers.—The VERMONT DAILY TRANSCRIPT has the largest circulation in St. Albans and in Franklin County, of any daily paper, and is on that account, if no other, the best medium for advertising.

Local Items.

OUR DAILY.—Those wishing to secure copies of our daily paper can do so at Merrifield's and Baker's bookstores, as well as of carriers, and at the office. Copies of our weekly paper may also be had at these places.

ERRATA.—In our article of yesterday, for the date of Harnden's death, instead of Jan. 14th, 1868, read Jan. 14th, 1845, aged 33 years.

BUTTER MARKET.—Tuesday Dec. 8.—On account of the storm but little butter has been brought to town to-day. Prices ranged from 35 to 43 cents, according to quality. We learn that the Boston market is well supplied with the article except for the very best quality which is quite scarce.

OYSTER SUPPER of the Masonic Fraternity to-night.

OUR JEWELRY STORES.—Christmas and New Years, are high at hand, and parents and others will soon be looking about for suitable presents for those days. We have only space to-day to call the attention of the readers of the TRANSCRIPT to the well filled jewelry stores of Messrs. Charles Wyman and E. H. Huntington. Mr. Wyman is one of the old "stand bys" of St. Albans; having been in the jewelry business for twenty years, first as the partner of A. H. Huntington, Esq., then of his brother John Wyman, and afterwards of Mr. E. H. Huntington, who has now possession of the handsome store on South Main Street, owned by C. H. Huntington, Esq., and formerly occupied by Mr. A. H. Munyan. Both, Mr. Wyman and Mr. Huntington fully understand their business, and sustain an excellent reputation for fair dealing. They have on hand well-selected stocks of all kinds of goods usually to be found in jewelry stores, out of which can be selected very appropriate holiday presents. If you want a gold or silver watch; a cake basket, a clock, a gold pen, or a pocket-knife they can accommodate you. We wish these gentlemen in advance a merry Christmas and happy New Year, not only in the sale of their goods, but in all other respects.

THE STORM.—The snow fell to the depth of about six inches in St. Albans last night and to-day the sleighs are out in full force. To the north of us, the snow fell in less quantities and at St. John, P. Q. but little fell, and consequently the trains have not been delayed in that direction.

To the south and east of us we learn that the fall of snow was heavier, and in the vicinity of Roxbury and Brantree it fell to the depth of about 18 inches. In that region the trains have been detained in both directions. At 11 o'clock a. m. the train which left St. Albans last evening was between Roxbury and Brantree, with three locomotives attached. The Express train from Boston which should have reached St. Albans

at 6.48 this morning, at 11 o'clock a. m. was at Brantree. At 3 p. m. to-day, the evening train which left St. Albans last night and the mail train which left St. Albans this morning had reached South Royalton on the road to Boston, the extra locomotives were dispatched with the trains were in a fair way to "make time" from there. At this hour the Express train which should have arrived at St. Albans early this morning had reached Roxbury.

The Railroad Company had not anticipated the snow upon the mountains, and were not prepared with snow-plows. This forenoon a snow-plow was sent south, and no further trouble is anticipated. The accommodation train was three hours late from Northfield. The morning train will probably arrive at about 7 o'clock this evening. The storm south and east has been severe, and we are without our morning mails.

RICHMOND AND VICINITY.—Dr. C. C. Smith, of this place lost a horse valued at \$200 last Saturday. She stepped upon the end of a sharp pointed board raising it and ran it into her body causing her death.

RAILROAD MEETING.—A large and enthusiastic Railroad Meeting was held in the Town Hall, Freleighsburg, on the 5th inst., which was addressed by Hon. James O'Halloran, Browne Chamberlin, M. P., Hon. T. Wood, M. L. C., and by many others distinguished gentlemen in an able manner. A R. R. seems almost certain leading from Freleighsburg to Dunham, Freeport, West Farnham, Chamblay to Montreal. All that remains is for the people of Dunham and St. Armand East to contribute \$6,000 to the mile a distance of twelve miles through Dunham and St. Armand when there are parties ready to put the road under contract.

The Good Templars of this village publicly dedicate their new hall next Friday evening.

PERPETUAL SCHOLARSHIPS.—Major W. W. Leland, of New York city, has conferred upon Chester Academy three perpetual scholarships in Bethany College, a first class institution of learning, located in the beautiful city of Wheeling West Virginia. Major Leland was at one time a student in Chester Academy, and it affords us pleasure to record this noble act on the part of one who cherishes a personal interest in the success of his alma mater.

DEATH OF COL. DAVID WARREN.—We learn from the Rutland Herald that Col. David Warren, of Brandon, died at the residence of E. J. Bliss, Esq., on Saturday last, at the age of 77 years. He was a gentleman familiarly known in that community, and was held in high esteem. He was a genial and agreeable gentleman of the old school, whom are rarely met in these latter times. He was an ardent and devoted member of the masonic fraternity, and was held in high regard by all his brethren, who will pay the last honors to his memory to-day. He was a remarkably hale old man, in the enjoyment of health to such a degree that he worked at his trade of a carpenter in Rutland until within a few days. His illness was brief.

RUTLAND R.R. BASIN AT BURLINGTON.—The Free Press thus speaks of the progress of the work on the basin now being constructed by the Rutland Railroad at Burlington:

The work has also progressed as favorably as the weather would permit at the basin south of the Rutland Depot. Bridge Master Bigelow informs us that another week will see the new drawbridge in place for trains. It will be a very substantial piece of work and will reflect great credit upon its designer. Dredging is at present going on for the few cribs that are necessary to connect the pier south of the draw with the shore, so that the entrance to the canal will be amply protected on the south. As soon as this is completed, work will be commenced upon the cribbing of the sides of the ash, a considerable portion of the 24,000 feet of which it is hoped will be done this winter.

The Burlington Times, commenting upon our recent article relative to the amount of shipments of butter, cheese, and spring water from St. Albans, says: "It is a very good business for three items of traffic in a small country town in so brief a period."

We exclaim with Burns:

O would some power the gift give us
To see ourselves as others see us.

EXPLOSION.—The boiler connected with the steam-mill of the Manhattan Marble Company of West Rutland, exploded Friday morning at about 2 o'clock killing the engineer, Mr. Lyman Kellogg, doing considerable damage to their property. It is supposed that the water in the boiler got low, and Kellogg put on the pump, and then laid down beside the engine while she was pumping, and upon the introduction of the water, upon the red hot flues, a sudden generation of steam ensued, and caused the bursting of the boiler. The engineer was found by the side of engine with a large block of marble weighing about 2200 pounds lying across his chest and head. Mr. K. was about 40 years of age and leaves a wife and two children to mourn his sudden death.

THE debt of Castleton is \$8,500.00.

FIRE AT POULTNEY.—KING'S MILLS, near Hampton Bridge, in Poultney, together with a large amount of flour and grain were destroyed by fire on Friday evening last. Loss between \$10,000 and \$15,000 partially insured.

Personal.

Rev. Stephen H. Tyng, Jr., lectures in Brattleboro, on Friday evening.
Morgan Smith, the colored tragedian, shot the leading lady in an English theatre recently.

Prof. Watson, of the Michigan University, has earned the title of planet-bagger.

Mr. Isaac Walker, who died recently in St. Louis, left an estate valued at \$8,000,000.

Pontotoc county, Miss., boasts of an inhabitant 22 years old, 31 inches high, and 45 pounds in weight.

Queen Isabella is going to start a newspaper.

Motley will be the historical writer of the Atlantic Monthly.

Recently, Mr. James Willis and Miss Charlotte Steed, of Belmont County, O., were united in marriage, the former aged 82, the bride 18 years.

Religious Items.

Rev. H. H. Peabody, pastor of the Baptist church, in Brattleboro, has resigned his charge of the same.

Rev. A. C. Childs has been called to the Congregational church in West Charleston.

Rev. Wm. C. Doane, the Bishop elect of Northern New York, is a son of the late Bishop of New Jersey. He has been settled over St. Peter's Church, Albany, about two years, having been called there from Hartford, Conn. He is about 34 years old.

The third Unitarian Society is soon to be formed in Chicago.

At a meeting recently held in Dr. Chapin's church in New York city \$35,000 were raised for the further endowment of St. Lawrence University. Horace Greeley presided, and addresses were made by Rev. R. Fish, President of the University, Rev. Dr. Fisher, President of the Theological School, Hon. L. J. Bigelow and Rev. Dr. Chapin.

A Young Men's Christian Association has been formed in Woodstock, and holds its meetings on Friday evening of each week. The following are the directors: Rev. A. C. Stevens, president; Lorenzo Richmond, vice president; R. S. Southgate, secretary; Geo. K. Chapman, treasurer; Henry B. Reed, Chas. R. Jones, Chas. O. Thompson; Chas. W. Sayward.

Rev. Norman Seaver, late of Rutland, was installed pastor of the First Presbyterian Church in Henry Street, Brooklyn, Tuesday evening. The services were conducted by the Rev. Dr. Spear, and a large congregation was present to welcome the new pastor. The sermon was preached by the Rev. Dr. F. T. Duryea. Rev. Dr. T. L. Cuyler delivered the charge to the pastor, and Rev. Theodore S. Brown to the people. Rev. Dr. Cox, the second pastor of the church, was present and took part in the exercises.

Geo. M. Pullman, the builder of the celebrated sleeping cars, will give \$10,000 to the new Theological School of Galesburgh, on condition that \$30,000 is raised by the friends of the school.

CALISAYA BARK.—It is said that Messrs. Drake & Co., (proprietors of the Plantation Bitters) are the largest importers of Calisaya Bark in this country, and that, with the exception of an occasional sale, all they import is used in the compounding of their celebrated Plantation Bitters.—to which they undoubtedly are indebted for their wonderful health-restoring properties. As a Tonic and Ap. etizer, they are not surpassed, and we cheerfully recommend them. All first-class Druggists keep them for sale.

MAGNOLIA WATER.—Superior to the best imported German Cologne, and sold at half the price.

FULTON MARKET.—Just received, a nice lot Dried Beef, Sugar Cured Hams, Bologna Sausage, Sweet Potatoes, Tomatoes, Peas, Peaches, Water Melons and Musk Melons. dtf-94.

One of the few things that the North and South will probably ever fully agree upon is that "Barrett's Vegetable Hair Restorative" is not only the best preventive to the hair falling out, but also the finest dressing ever before the public. It richly deserves the "Silver Medal" awarded by the New Hampshire State Fair.—Dubuque Times. d&w.
